

[YOUR ADDRESS]

Dear **[YOUR MP]**,

I am writing to draw your attention to the open letter and manifesto by [Become](#), the national charity for children in care and young care leavers, to make the care system better. In the run-up to a general election, I believe it is imperative to include their asks in your party's manifesto to make sure the next Government has higher aspirations for care-experienced children and young people.

I support Become's asks for the next Government, which include:

1. Urgently reforming the care system so every child has the love, care and stability they need
2. Making children's relationships a key consideration in all decisions
3. Ending the care cliff so young people can make a positive start to adulthood
4. Improving the support provided to children and young people by other public services
5. Putting young people's voices at the heart of the care system

To read their asks in full, please go to their website: BecomeCharity.org.uk/Our-Manifesto

Their [open letter](#) has already been signed by more than 30 care-experienced young people and you can also read it on that page too.

I support these asks because **[YOUR REASONS FOR SUPPORTING]**

Yours sincerely,

[YOUR NAME]
