

National Care Leavers Week - #NCLW

Monday 28th October to Sunday 3rd November 2024

Calendar of Events, Campaigns and Activities.
during and around NCLW

The Alliance for Looked After Children & Care Leavers and care-experienced young people from across the country are working together to share ideas, collaborate, and coordinate some planned activities for this year's National Care Leavers Week.

We have created this information booklet with the theme, call to action and a summary of events, campaigns and activities taking place across the country.

Please share it across your networks and, if possible, on your website.

During a workshop, care experienced individuals and various organisations came together to come up with three starting ideas on what this year's theme would be for #NCLW.

Two weeks later, with close to 200 votes from care experienced individuals across the country, the theme was decided.

All of Us, We are One

“ I picked "All of Us, We are One" as when I am with other care leavers I really do feel the most understood. I really do feel like we are one. ”

Call to Action for #NCLW:

A working group from the Alliance has also agreed to a call to action to unite Care-Experienced individuals, the organisations that support them, and allies of the care-experienced community for a common purpose.

"This National Care Leavers' Week 2024, we're calling on the public, professionals, carers, decision-makers, and the media to CARE".

- Celebrate:** *care leavers/care experienced individuals.*
- Amplify:** *their voices.*
- Raise:** *awareness of challenges.*
- Encourage:** *change in policy and practice.*
